No. 26.

Marion, Crittenden County Kentucky, Thursday Morning, Jan. 6, 1916.

Vol. XXXVIII

Marion should feel indeed proud and hopeful of the future prosperity of the city under the control of the city officers already in and those installed last Monday evening. All are business men of enterprise and energy, and it would not have been possible for the city to have selected a more representative board.

COUNCILMAN J. R. PERRY.

Councilman J. R. Perry has forged ahead in his adapted profession until he not only has a fine practice but is considered one of the best physicians in the county. He is a son of J. B. Perry, the farmer and banker of the Irma section, and was born on the big Perry farm on the Tolu road. He took his degree at the Hospital College of medicine in Louisville. His wife was Miss Beulah Franklin, of the Hebron section, one of the county's prettiest girls. They reside in their own home on West Depot street, and have one little daughter. Dr. Perry is a quiet unassuming gentleman and may be depended on to do what he thinks is right.

COUNCILMAN GEORGE W. YATES.

Councilman George W. Yates was born in this county near Sheridan but has lived here and sold pianos so long that Marion claims him as her own. He belongs to the singing and musical family and is said (by C. R. and W. B.) to be the oldest member of the family now living. Well, he is settled alright and has made good in his business, owns his home and has a most interesting little family. The editor, who travelled much is glad to see Marion's municipal affairs looked after by business men who pay taxes and who are in business and have the interest of the city, church and school at heart. We believe George W. Yates is in that class, and we welcome him in the City Council.

DR. GEO. W. STONE

Marion's conscientious Mayor, who has two years of present term to serve.

COUNCILMAN WM. O. TUCKER.

Councilman Wm. Oliver Tucker has built up a large business here in furniture and undertaking and is now operating a chair factory which is meeting with success, as its product is being shipped to many sections of the country. Mr. Tucker is a native of McLean county but came here as a young man and has since resided here. He is just past 41 and has many years of usefulness ahead of him. He resides with his little family, a wife and two children on North Main St. Mrs. Tucker is a daughter of former chief justice T. J. Nunn, one of Crittenden's best loved men. Mr. and Mrs. Tucker are quite popular and number their friends by the number of their acquaintances.

sound man and Marion's municipal affairs will not suffer in his hands or by his vote.

U. S. Senator James at Home.

Senator J. O. M. James came home to see his mother January 2nd and stayed over until the 3rd.

It was rather an apt coincidence that the tobacco market in Crittenden county should be opened while he was here, as it is chiefly due to his efforts in getting the embargo raised upon the shipment of tobacco to the warring nations, without which no tobacco could be shipped without danger of seizure, and as a result there would have been no market for tobacco this year.

By his efforts the farmers are enabled to dispose of one of their most important crops. Senator James is using his best efforts to get Marion's new postoffice built or at least started this year.

Card of Thanks.

I want to express my heart felt thanks to the young ladies composing the Intermediate class, and friends of the Second Baptist Sunday School for kindly remembering me in my affliction with a nice Xmas box.
Emmie Prowell.

JOHN D. SUMMERS

The newly elected city marshal is a native of Livingston county, having been born at Salem, the home of Roger Q. Mills, Charles Evans and other celebrities. He is a son of Rev. G. S. Summers, the well known and much loved minister. He owns his home where his little family, composed of himself, his wife and one child reside. His aged father spends much of his time with him.

Mr. Summers has been a trusted employee and superintendent much of the time, of the Roberts Mining Co. interests here and in the country, and we learn they regret to lose his services.

CURE FOR RHEUMATISM

Wonderful Discovery Made By Two
Young Business Men of
Princeton.

Smith & Hollowell, druggists, of Princeton, Ky., on the 11th day of October, 1915, after experimenting for quite a while discovered what has proven to be a most valuable preparation. This has been proven beyond any question of doubt. Their records show this and will be verified by prominent and reliable parties from different sections, as well as one gentleman living in Marion. He is well-known to many residents of Crittenden county and has been a great sufferer for many months. The gentleman referred to is Mr. B. H. Moredock. One month to a day from the time he started taking this preparation he resumed his duties as traveling salesman.

This preparation is a rheumatic remedy, the trade name being "Eswell Rheumatic Remedy," and is only recommended for rheumatism.

AN APPEAL TO THE FARMERS

In Regard to the Important Question, "Shall We Keep Our County Agent This Year?"

One of the most important questions that confront the farmers of Crittenden county is: Shall We Keep Our County Agent J. R. Bird, Another Year? I think we are most all agreed that he has been a great help to us in 1915 and will be in a position to be more helpful to us in 1916 because of his acquaintance with the people and the problems with which they contend.

In view of the above facts, I feel safe in claiming that a large majority of our farmers are anxious to keep Mr. Bird another year.

But right here arises another most important question. *How much do you want him?*

You know he didn't cost the farmers at large much last year. That about \$500.00 of his salary last year was raised in Marion.

Now don't it seem reasonable that we farmers should bear the most of that expense this year, since we are first and most benefited.

About the 1st. of Dec. blanks for receiving subscriptions for this purpose were distributed to the Secretaries of Farmer's Clubs and other farmers supposed to be interested. They were requested to circulate these papers in their vicinity and return

them at an early date.

On the first day of January but few of those papers have been returned. On inquiry I find that many of them have not been circulated at all. Procrastination I find to be the chief cause of this neglect and not indifference.

Now, brother farmers lets begin the new year by swatting that old enemy of ours, procrastination. And let our first stroke be to sign our subscription to the County Agent Fund (if you have not already done so), and the next step to see that all of our neighbors have an opportunity to do likewise.

I have faith enough in the progressive spirit of Crittenden county farmers to believe that if this matter is rightly presented to them and everyone given a chance to subscribe, that there will be no trouble raising the \$550.00 required by subscription for County Agents salary.

If no one is circulating a paper in your community and you are interested get busy and circulate one yourself.

Let's show our friends in Marion and elsewhere that we appreciate a good opportunity when it comes our way and that we propose to do something for ourselves this year.

Yours for better farming,
JOE M. DEAN.

Mr. and Mrs. Stanley Shaver, of Dallas, Texas, arrived Wednesday, Dec. 29th, from Canada enroute to their home in the Lone Star State. They stopped here for a few days as guests of her parents, Mr. and Mrs. W. D. Cannon.

COUNCILMAN J. N. BOSTON.

J. N. Boston is not only large-interested in farming in the Repton section where he owns one of the best improved bodies of land in the county, and he also is the holder of a large block of stock in the G. A. Terry land, which is a fine agricultural body as well as in the heart of the mineral belt. The Boston Planing Mill which supplies this section of the state with sash, doors, lumber and all household accessories, is the creature of his indomitable will and industry. Where others have failed to make good, he has builded what is probably the finest business enterprise in Marion, and he has done it by keeping what the people want. Another instance of his keen foresight was his launching into the silo manufacturing business, just at the time when everybody is wanting them. He has other interests also, all of which goes to prove that he is capable of looking after the City's business. He was born at Hillman's Rolling Mill in Lyon county almost fifty years ago.

Mr. Roy Travis, of Evansville, spent several days the guest of his parents last week.

COUNCILMAN JOHN H. NIMMO

Is the Watkins Remedy Man and is well known in every corner of Crittenden county. His business acumen, has built for his firm, a great trade in Crittenden county.

He owns a beautiful home on North Main street, where he and Mrs. Nimmo and their handsome children live under their own vine and fig tree.

He is a "Chopper" and is never happier than when in a W. O. W. celebration or camp. That he will do the square thing by the people, goes without saying.

COUNCILMAN THOMAS A. RANKIN.

Councilman Thomas A. Rankin is the dean of the board and will do much to steady the deliberations of the "boys." He is the oldest member although only a little past the half century mark.

He was born in the northern section of this county and belongs to one of the oldest, most-substantial and aristocratic families in the state. He not only owns his home here but a fine Ohio river farm as well and lives at home and boards at the same place with his handsome family, consisting of his wife two daughters and one son. He is a safe
